Lisa, we previously communicated (below) about the proposed revisions to the Georgia WQS. Can you give me an update on EPA's approval process for this please?

Thanks

Hutton,

I wanted to let you know that we have not taken final action on this yet. I will send the final decision to you once it's been sent to the State. I'm out of the office tomorrow, but can respond to any additional questions when I'm back in the office on Monday. Thanks so much for your patience.

Lisa
